

# HOW TO MAKE A BUG BOX!

This activity uses card, printable templates, glue or doubled sided tape and colouring pens or pencils.

1 - create your box from card using the template provided

2 - create a background in the base of your box, you could use magazines, book pages or draw a pattern.

3 - add some extra flair to your background with the provided scrapbook embellishments.

4 - cut out your chosen bug from the templates. you can either colour one in or use a pre-coloured image.

# HOW TO MAKE A BUG BOX!

This activity uses card, printable templates, glue or doubled sided tape and colouring pens or pencils.

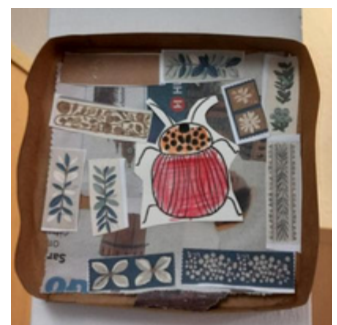

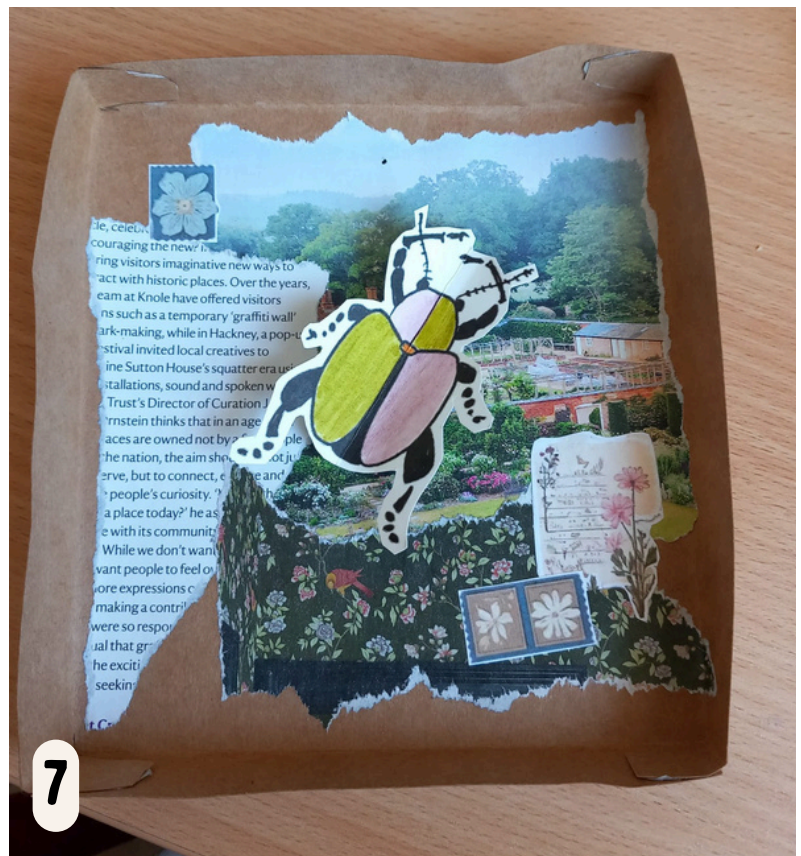

5 - once decorated, fold your bug down the middle to make it look more 3D

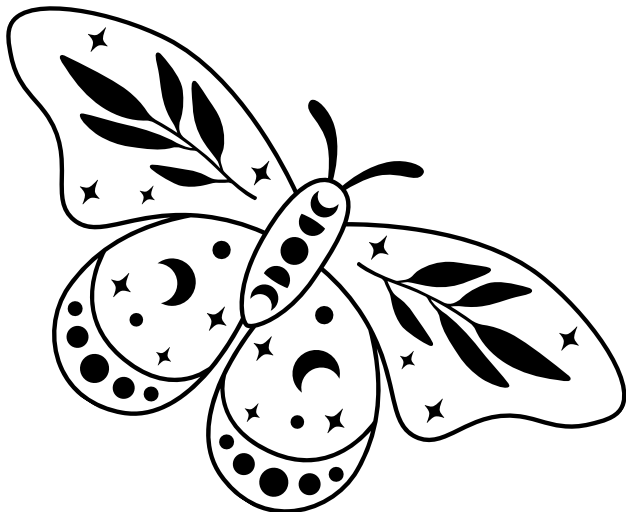

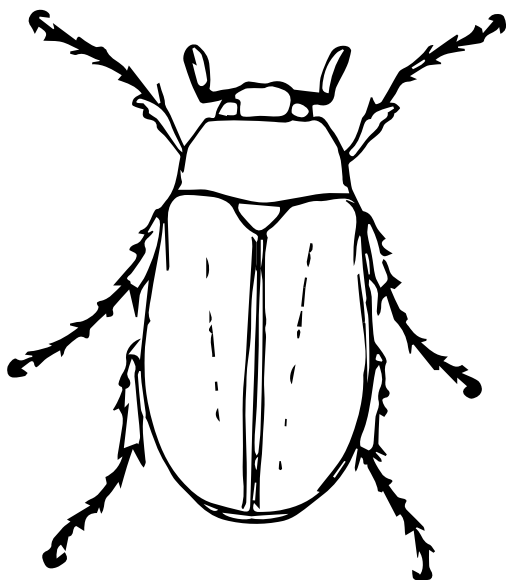

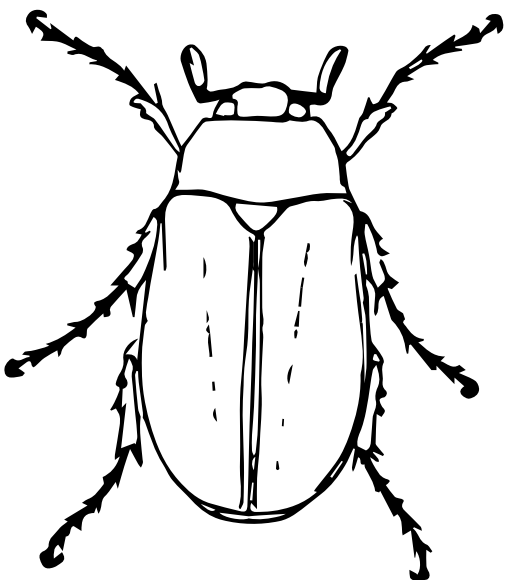

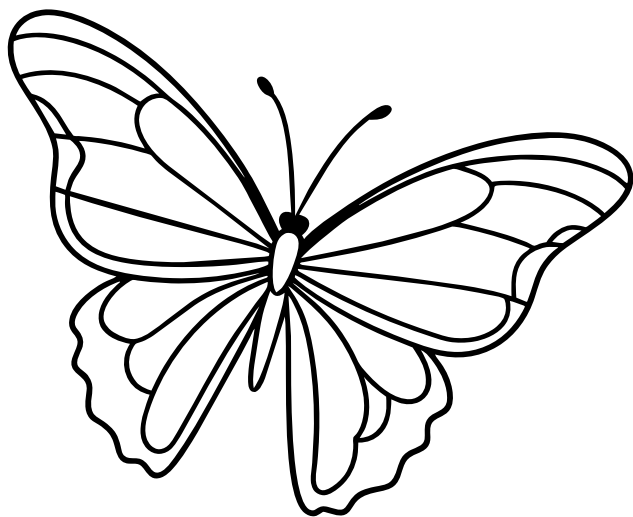

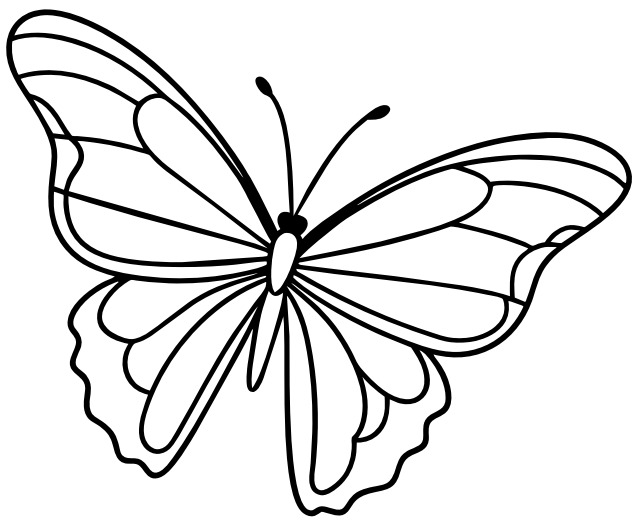

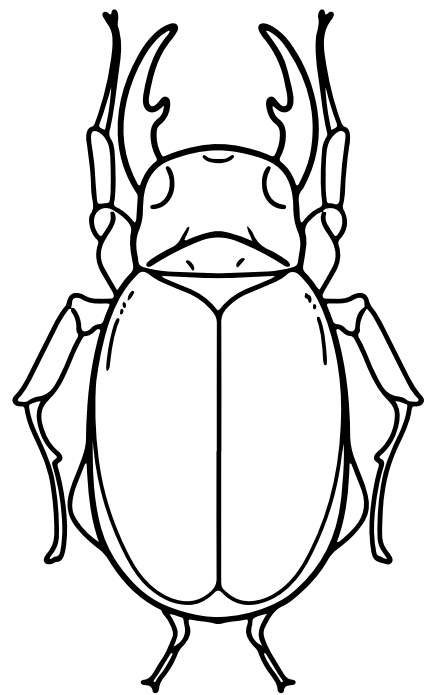

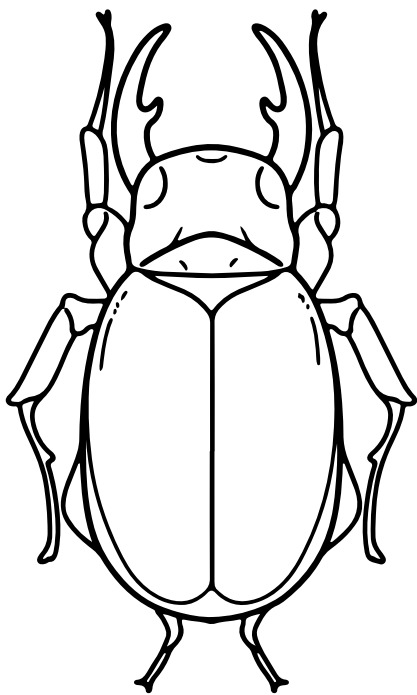

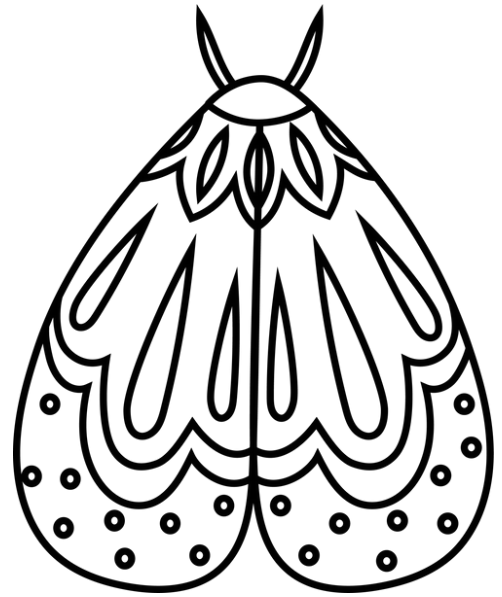

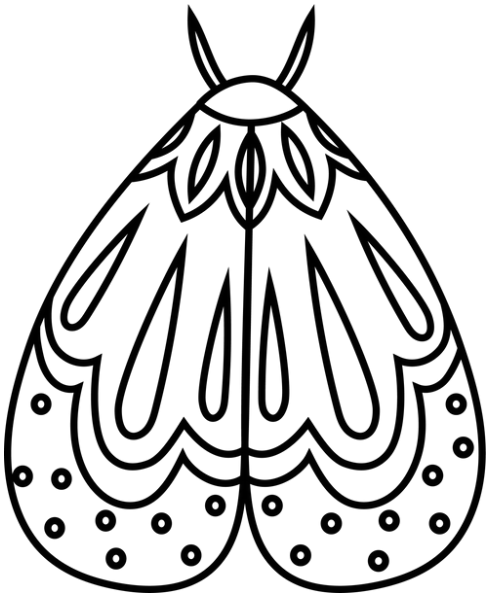

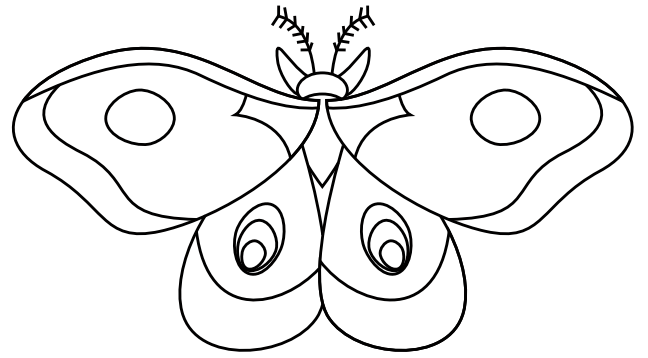

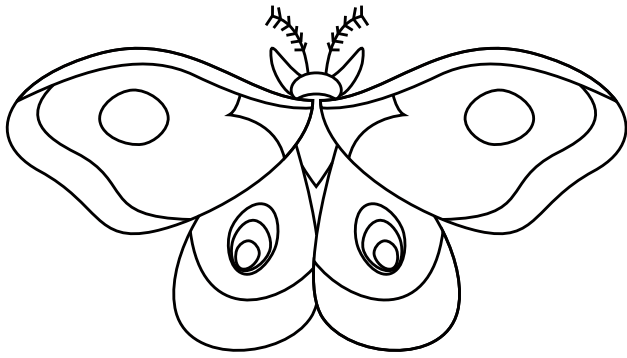

6 - stick double sided tape or glue down the fold on the back of the bug

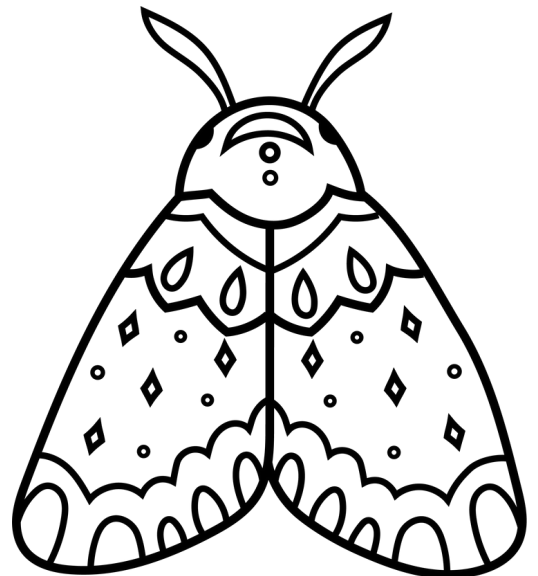

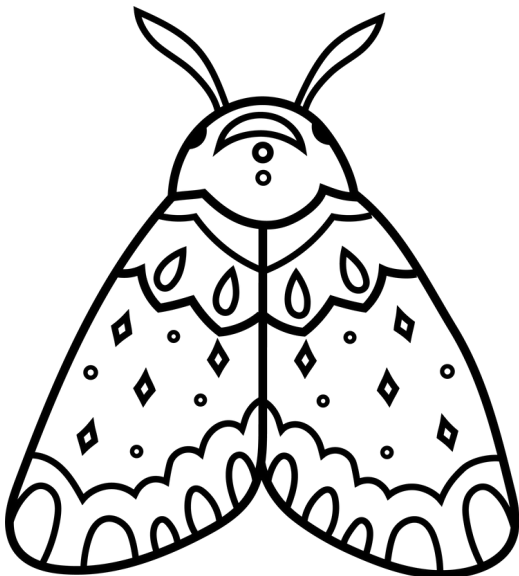

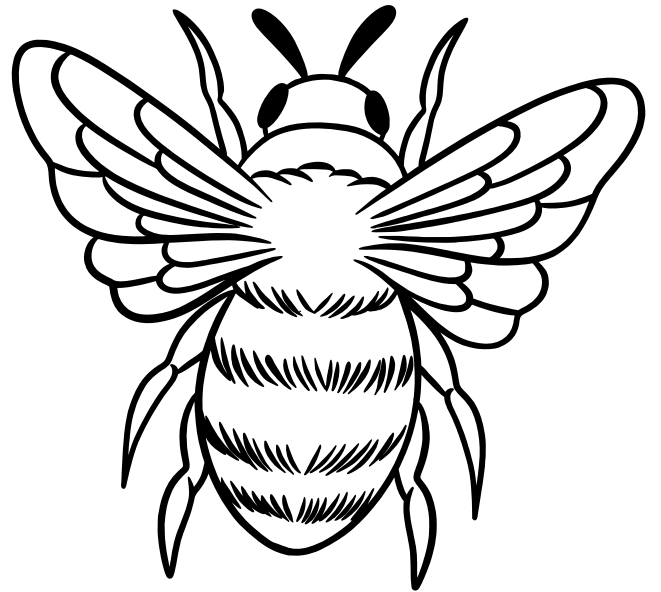

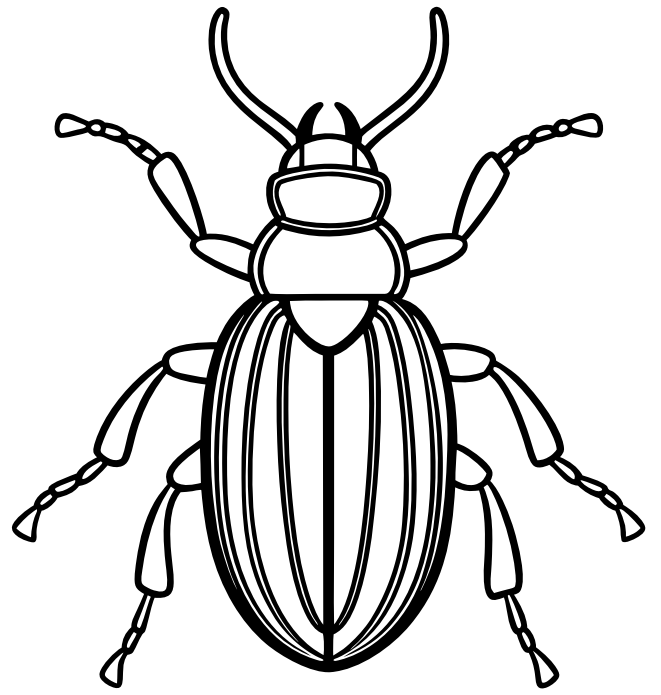

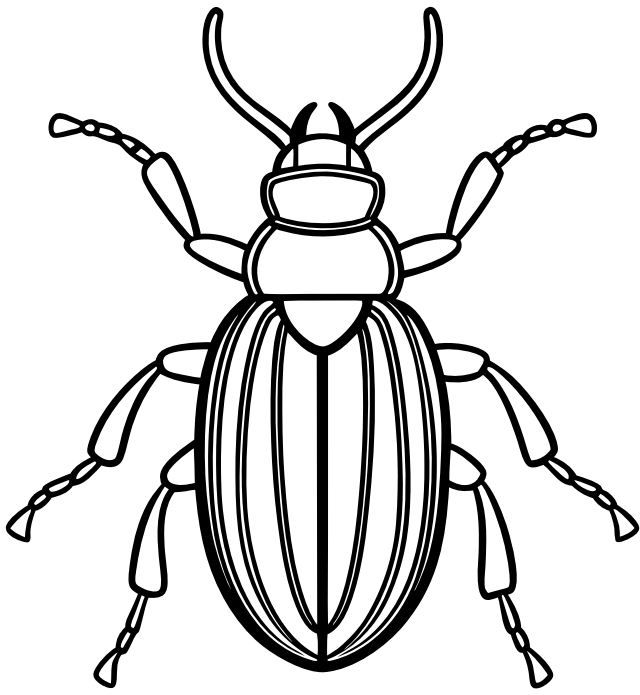

7 - stick your bug onto the base of your box, it is up to you where you position it!

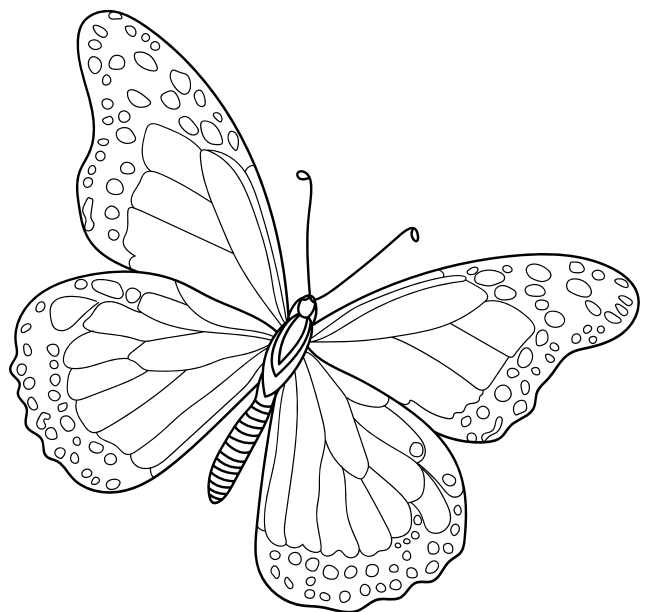

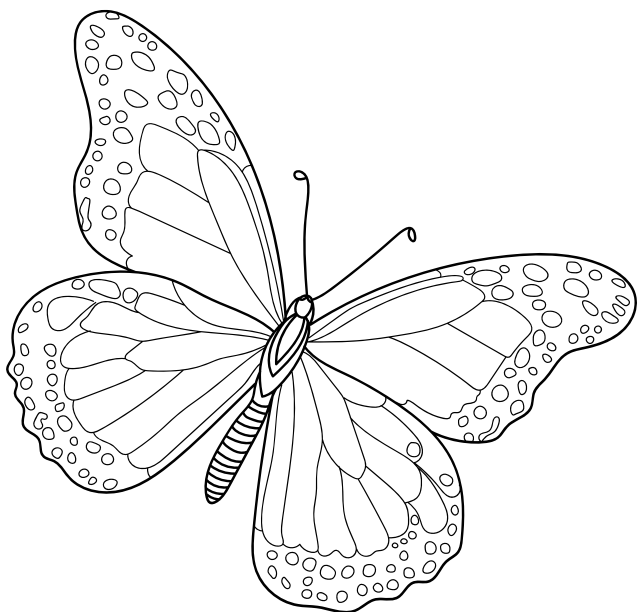

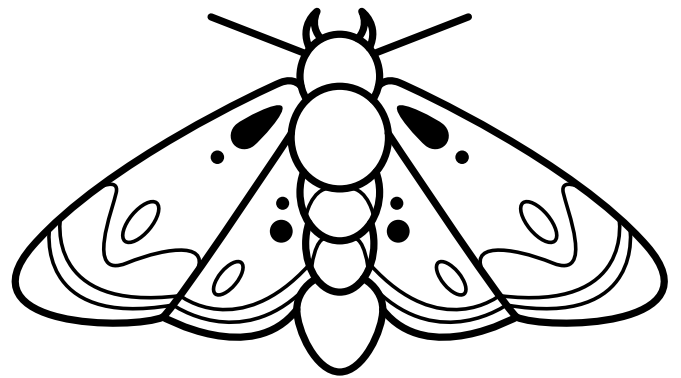

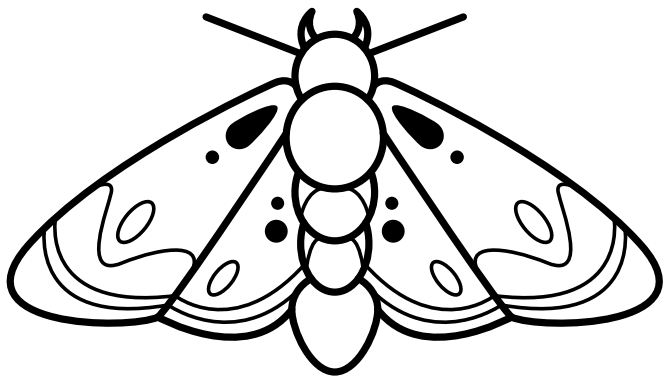

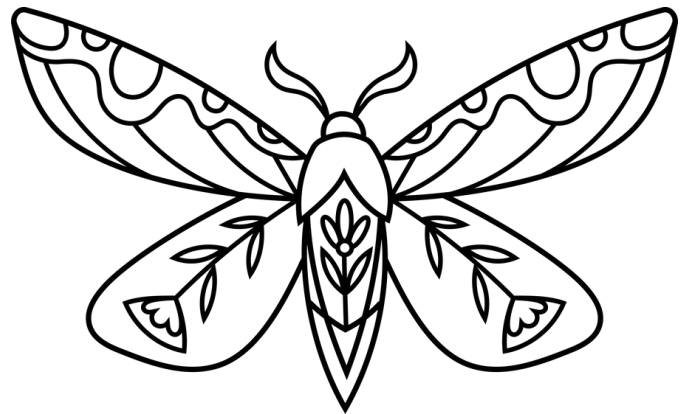

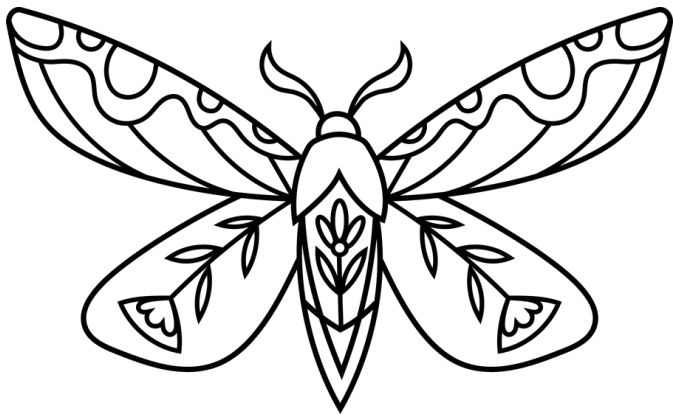

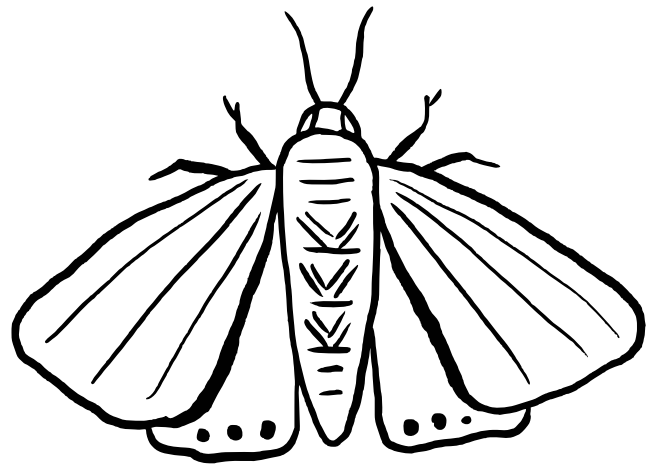

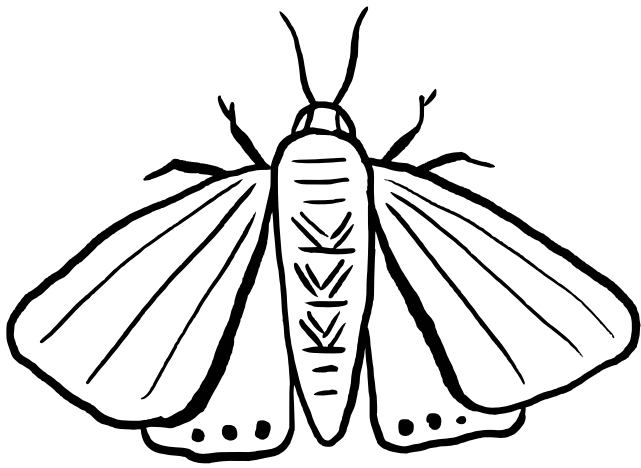

8 - find a space to display your box!

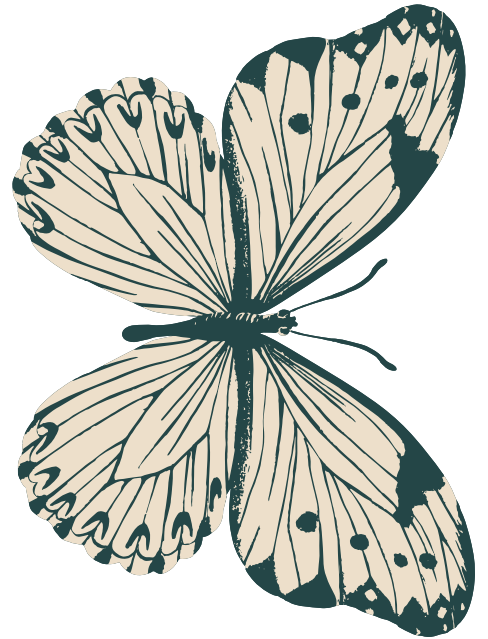

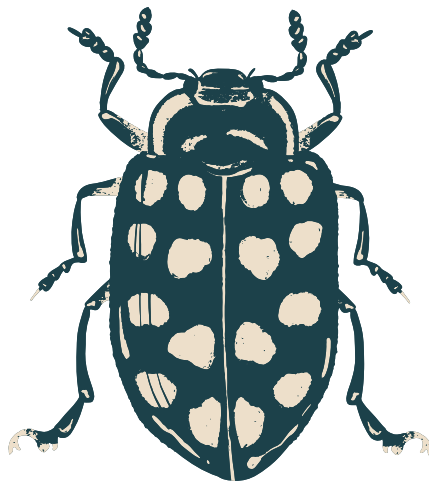

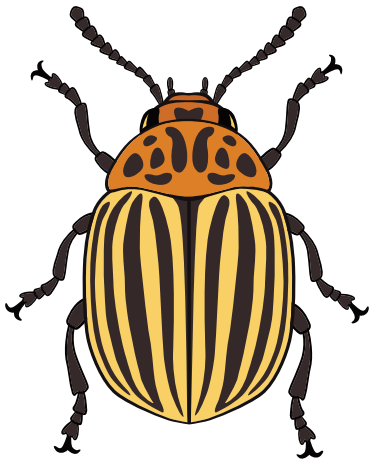

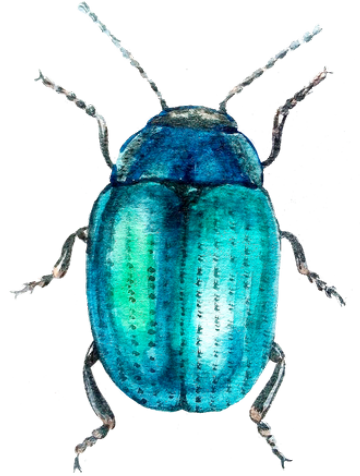

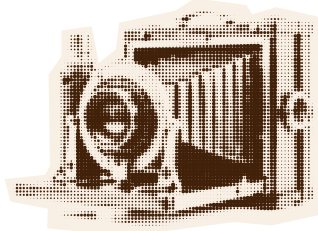

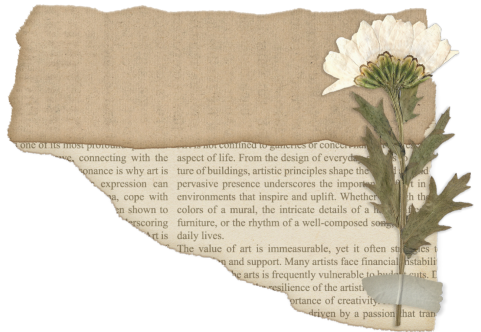

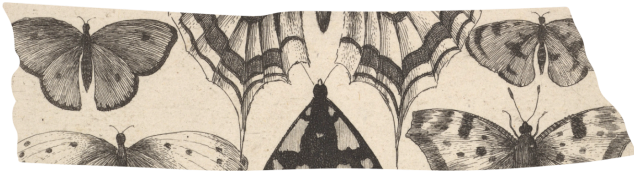

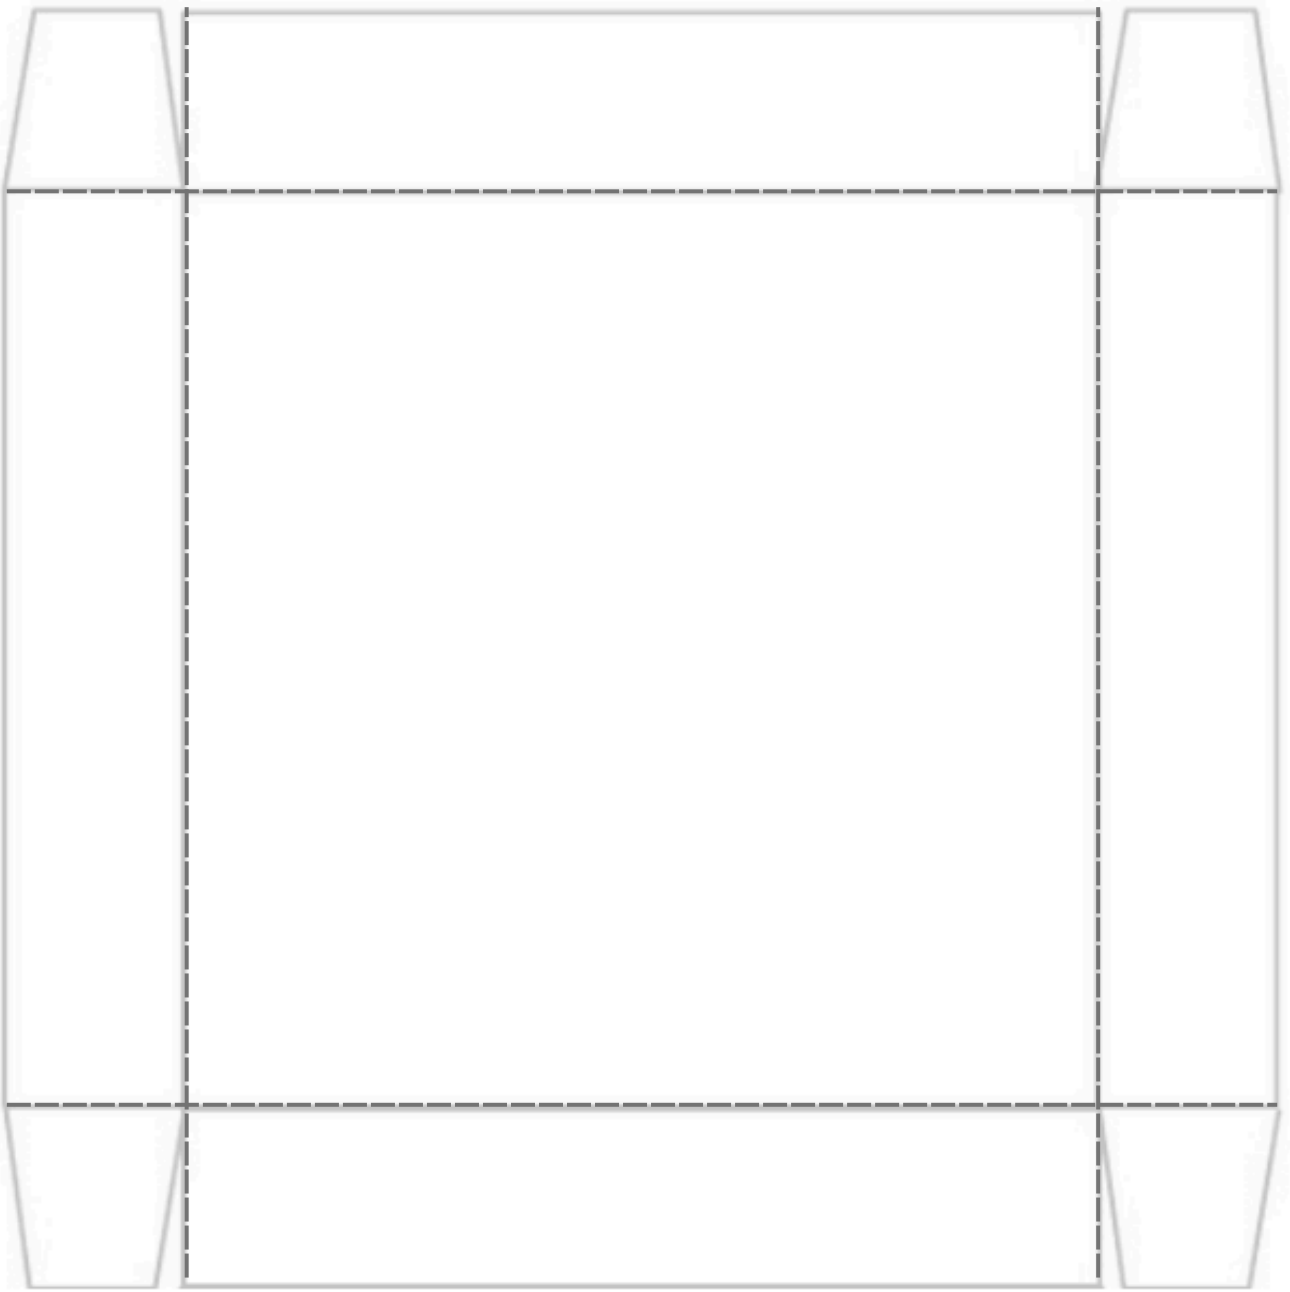

Spunt, e sono più lunghi del  
per bene. E' questo ultimo  
le altri di un terzo in circa: e  
anno circa quello è il diam.  
poste di Manicoraché suo qua  
cinata a basso: Tanto gli uni  
e il piede bianco, e la punta  
largo inferiore della quale del for  
ti vasi, o almeno tengono posist  
de. Devono avere un fondo un po  
te al piede con Manicoraché  
te tralungate con le altre. Suo ben

### **How to make this box:**

- 1 - cut out template
- 2 - Fold along all of the dotted lines
- 3 - Add tape or glue to the corner folds
- 4 - Stick the corner fold to the side pieces to create your corner
- 5 - Continue this to create all 4 corners
